

2023-24 World's Best Workforce Goals and Results

A. Closing identified achievement gap(s)

EVW will reduce the proficiency gap between FRD and non-FRD populations of students enrolled by October 1 in grades 3-8 on Minnesota **reading** accountability tests (MCA, MTAS) from 17.2% in 2023 to 15% in 2024.

The proficiency gap between FRD and non-FRD populations of students enrolled by October 1 in grades 3-8 on Minnesota **math** accountability tests (MCA, MTAS) will be reduced from 14.7% in 2023 to 12% in 2024.

Goal Not Met: The proficiency gap between FRD and non-FRD was 16.4% in reading and 13.7% in math.

B. All students ready for kindergarten

By the end of the 2023-2024 school year, 80% of students enrolled in our school readiness preschool program at EVW will be able to identify the sound of 13 or more letters of the alphabet.

Goal Met: 86% of students were able to identify 13 or more letter sounds.

C. All students in third grade achieving grade level literacy

The percentage of all students enrolled in grade 3 by October 1 at EVW who are proficient on Minnesota reading accountability tests (MCA, MTAS) will increase from 38.5% in 2023 to 55% in 2024.

Goal Not Met: Third grade proficiency on third grade accountability tests was 47.2%.

D. All students attaining career and college readiness before graduating from high school

The percentage of all students enrolled in grade 8 by October 1 at EVW who are proficient on Minnesota math accountability tests (MCA, MTAS) will increase from 33.8% in 2023 to 55% in 2024.

Goal Not Met: Eighth grade proficiency on math accountability tests was 53.7%, which was a 19.9% increase from 2023.

E. All students graduate from high school

Eden Valley-Watkins High School will maintain the four-year graduation rate of 95%, which is well above the state average.

Goal Met: The preliminary graduation rate for 2024 is 100% (before MDE official release of data). The official graduation rate in 2023 was 96.2% per MDE.
