PowerGrade is an electronic grade book that teachers use to enter student assignments and scores. Through accessing the Parent Portal using a web browser, parents have the capability to review their son's and/or daughter's academic progress in all of their classes at any time. In addition, automatic student progress reports can be sent home via e-mail, if requested. At the beginning of the school year, parents will be given an individualized password to enter the system.

- A. Seventh and eighth grade pupils who fail a class may be required to repeat it the following year. Students who do repeat a course will do so by either quarter or semester. Whether or not a class will be repeated depends on the person's needs as determined by the principal.
- B. Students in grades nine through twelve, who fail a required class, must repeat it by quarter. Alternatives may be issued according to individual needs. Ninth through twelfth graders who fail an elective course must repeat either that course or substitute another in its place.

- C. Senior high youth may drop a course at the end of a quarter providing an alternate schedule consistent with school policy can be arranged.
- D. All independent classes will be offered on a pass/fail basis. Upon their completion, a 60% grade will be recorded on a transcript.
- E. Any form of cheating or plagiarizing on schoolwork is not accepted. Each teacher will be responsible for setting his or her own classroom policy.
- F. Every effort will be made to inform parents and students of an impending failure. During the fifth and seventh weeks of the quarter, notices of deficiency and failure will be communicated to parents. In some cases, however, it is not possible to anticipate failure. An example of such a situation could be for when passing a course is dependent on a final grade or project even if other work is satisfactory. Obviously, in cases like this, advance notice is not possible, and it is the person's responsibility to maintain passing work.
- G. Final grades are not weighted for the purpose of class rank..

#### **INCOMPLETES**

Students are expected to complete all work within the quarter. Generally, incompletes are possible when an individual has a legitimate reason for not completing required work (i.e. medical, personal issues, family tragedy, etc.). Should an incomplete be needed, the pupil must make a written request and submit it to the principal prior to the conclusion of the quarter. The form to be used for this purpose is located in *Appendix A*. Upon receiving it, both the classroom teacher and principal will meet to determine the validity of the request, and if warranted, will together create a plan to assist the individual. A week will be provided to make up work. If it is not done during this time frame, a grade of "F" will be issued.

#### CLASS LOAD

Pupils are required to take a minimum of six classes per day. Seniors who have earned enough credits for graduation are also required to take a full academic load.

#### INDEPENDENT MUSIC CLASS PARTICIPATION

Juniors and seniors will have the opportunity to enroll in independent music classes for unique scheduling situations. Enrollment will ONLY occur when advance permission has been obtained. *Appendix B* contains a copy of the permission form to be used in completing this process.

Students wishing to participate in an independent music class must meet the following criteria.

- 1. Juniors and seniors are only eligible for it.
- 2. Enrollment will only be allowed for special circumstances, schedule conflicts, and unique needs. (Note- It will not be permitted to "load up" on classes during the junior year to have a "lighter" schedule senior year.)
- 3. Prior to registration, initial approval must be obtained from the counselor. This must be followed with approval from the music department, classroom teacher, and principal.
- 4. Participation in an independent music class schedule will require an individual to meet with band and/or choir instructors a minimum of one day per week.

#### **ONLINE COURSES**

Students interested in pursuing online course options must obtain permission from the school counselor and classroom instructor overseeing the class. In addition, specific requirements for participation are as follows.

- 1. Login using your regular school username and password. If this is your first online class, you will be required to watch a tutorial at the beginning of the course.
- 2. Login must occur, at a minimum, 3 times per week.
- 3. Login may occur at any time during the day.
- 4. You may work in the media center, computer labs, or other study areas. When at the senior bench, work must be completed on a device.
- 5. If an individual is not making progress at fifth and seventh week, he and/or she will receive a progress report. Should satisfactory progress not be attained at the conclusion of the quarter, the pupil will be removed from the online class and assigned a regular class.

#### LENGTH OF SCHOOL DAY

Minnesota law requires that every student in a public high school be enrolled a minimum of <u>SIX CLOCK HOURS PER DAY</u> not including noon hour or breaks between classes. The only exceptions to this law are those situations in which persons are enrolled in an approved work experience program, an IEP program, or receive administrative approval. If an individual is not enrolled at least six hours per day, the attendance requirement is not being fulfilled and credit cannot be issued. Our school day runs from 8:17 a.m. to 3:12 p.m. and consists of the following schedule:

# PARENT/GUARDIAN GUIDE TO STATEWIDE TESTING

Why statewide testing?

The statewide assessments are how the state measures that curriculum and daily instruction in our schools are aligned with the academic standards, ensuring all students are being provided an equitable education.

Why does participating matter?

An individual's participation is important to understand how effectively the education provided at Eden Valley-Watkins is aligned to the academic standards.

- \*Pupils who do not participate will receive a score of "not proficient".
- \*Youth who receive a college-ready score on the high school MCA are not required to take a remedial, non credit course at a Minnesota State college or university in the corresponding subject area.
- \*Educators and policy makers use information from assessments to make decisions about resources and support provided.
- \*Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- \* School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.

When do students take the assessments?

The Minnesota Comprehensive Assessment testing window begins in March and ends in May. Information pertaining to the exact days when specific tests are administered have been placed within the school website.

What if I choose not to have my student participate?

Parents/guardians have a right to not have their children participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their son/daughter participate. This form may be found in *Appendix C* along with additional information pertaining to state testing.

#### CLASS RANK

In order to be included within class rank, home school or part-time students must have completed a minimum of 11.75 school credits on campus. In addition, the remaining 11.75 credits must be completed through an accredited school alternate program.

#### PSEO STUDENT DAILY ACCESS

A student enrolled in a post secondary enrollment options course may remain on school site during regular school hours. While on site, individuals must check into the secondary office and work within either the media center or computer lab. Persons not staying within these areas may be denied permission to be on the premises and their visit deemed not to be in the best interests of students, faculty, and the district.

- 2. The committee shall make a decision for one of the following options:
  - a. single subject acceleration;
  - b. whole grade acceleration; or
  - c. no acceleration.

If the team cannot come to a final decision, one will be made by the building administrator.

All organizations operating programs must receive approval of the high school principal prior to placing an individual within the district. Approval will be based upon criteria established by administration and school board policy. - 1. To qualify, an individual must be of junior or senior status and currently enrolled in a world language program. Also, youth are required to have a minimum of two years language experience while maintaining a GPA of 2.5. Upon completion of the trip, persons are expected to continue with their language acquisition.
- 2. As this is considered a school-sponsored trip, pupils will be expected to adhere to the Minnesota State High School League guidelines which includes the zero tolerance policy on the use and/or possession of drugs and alcohol. This excludes prescription medications with prior knowledge given to the trip leader.
- 3. Students are reminded that they are "unofficial ambassadors" from the United States, Minnesota, and the Eden Valley-Watkins communities. Persons shall act accordingly and any behavior unbecoming of the aforementioned expectation shall result in immediate disciplinary action.
- 4. Individuals are expected to participate fully in the program-be on time for buses, attend the scheduled tour, etc. In large cities, youth may break into smaller groups if accompanied by a trusted adult. Pupils shall not go anywhere on their own. In smaller towns or villages, individuals may leave their hotel/hostel in groups of three or four. Students must let chaperones know of their whereabouts at all times. Persons should always have the hotel/hostel address and phone number with them.
- 5. Pupils are expected to follow hotel/hostel rules and regulations. These include curfew, respect for others, and adherence to breakfast and dinner hours. Youth are expected to check all rooms thoroughly for articles before leaving. Everything in the room should look exactly like it did at check-in.
- 6. Individuals are responsible for their own belongings at all times during the trip.
- 7. Persons must respect the rules of the motor coach. Keeping the bus clean is a must.
- 8. Students are allowed usage of personal music devices, but should be aware that they often break due to wear and tear. No external speaker will be allowed.
- 9. International law requires one to be able to identify oneself at any given moment. Pupils must carry passports with them at all times.

- 10. Abuse of the rules during the trip will be handled in the following manner.
  - a. The student will be confronted by the instructor.
  - b. Minor offenses may result in clean up duty. A more serious offense may result in the accompaniment of a chaperone.
  - c. Major offenses will result in a collect call home with the leader present to discuss the behavior.
  - d. Serious or continued abuse of the rules will result in the individual being sent home at the parents' and/or guardians' expense.

#### **EMERGENCY EVACUATION**

When evacuating due to fire, heat loss, bomb threat, or hostage situation, students and staff must leave the building in an orderly fashion, not stopping at lockers to obtain personal possessions, and go directly to Assumption Church.

For lockdown situations, A.L.I.C.E. (alert, lockdown, inform, counter, and evacuate) procedures will be implemented. Each classroom will establish their own protocol to address adverse events.

#### DISCIPLINE

The purposes of Eden Valley-Watkins Secondary School's discipline policy are (1) to ensure that persons are aware of and comply with the district's expectations for conduct, and (2) to direct the district's educational program to help pupils develop the values and abilities necessary for moral decision-making and civil conduct.

Eden Valley-Watkins Public Schools are dedicated to fostering learning communities that create opportunities for students and staff to learn and grow together. Academic, social, and emotional health are all equally important in creating that learning environment. At EV-W, we will "LIVE RESTORATIVELY" to foster healthy relationships and promote positive discipline through "Ten Ways to Live Restoratively" from "The Little Book of Restorative Justice" by Howard Zehr (2014).

- 1. Take relationships seriously, envisioning yourself in an interconnected web of people, institutions, and the environment.
- 2. Try to be aware of the impact-potential, as well as actual of your actions and the environment.
- 3. When your actions negatively impact others, take responsibility by acknowledging and seeking to repair the harm, even when you could probably get away with avoiding or denying it.
- 4. Treat everyone respectfully, even those you don't expect to encounter again, even those you feel don't deserve it, and even those who have harmed or offended you or others.
- 5. Involve those affected by a decision, as much as possible, in the decision-making process.
- 6. View the conflicts and harms in your life as opportunities.
- 7. Listen genuinely and compassionately to others, seeking to understand, even if you don't agree with them.
- 8. Engage in dialogue with others, even when what is being said is difficult, and remain open to learning from them and the encounter.
- 9. Be cautious about imposing your "truths" and views on other people and situations.
- 10. Sensitively confront everyday injustices.

#### DISCIPLINARY INVESTIGATIONS AND REASONABLE FORCE

Individuals are expected to cooperate during all disciplinary investigations. This cooperation is expected, valued, and essential for individual growth and an excellent learning environment at school.

Administrators, instructors, and other staff members may use reasonable force to restrain or correct a pupil if there is a danger to that student or any other person, or if the actions of the individual disrupt the education of others.

#### **TARDINESS**

Being on time for class is very important. If you arrive at school after first hour has begun, please report to the office for a tardy pass. You must report to first hour class regardless of how much time remains. If you do not, detention will be served.

If you are late to class during periods two through seven, please report directly to the class rather than to the office.

Noon rooms may be assigned for the first two times a person does not have a valid excuse for arriving late to class. For subsequent unexcused tardies, staff will assign a unit of detention. Tardies are accumulated by the quarter.

#### INAPPROPRIATE LANGUAGE

It is not acceptable to use inappropriate language such as swearing, profanity, or any other language that is deemed inappropriate by school staff.

#### CLASSROOM DISTURBANCE

When causing a problem that your teacher considers a disruption to class progress, you will be sent to the office. Because it is not always possible for an instructor to accompany you, it is your responsibility to report directly to the office yourself. Not doing so is considered skipping and suspension may result. You should ask to see the principal and/or dean of students and explain to him the reason for being asked to leave the classroom. If he is not available, a secretary will assign a location where you will wait. At that time, a discipline referral form will be completed so that the principal and/or dean can contact you later.

A person who is acting inappropriately over a period of time forfeits his or her right to be in class. The primary purpose of school is for learning and it cannot occur in an unruly, disrespectful atmosphere. If you cannot behave and do what is expected, you will then be removed from that class and lose credit.

#### **VANDALISM**

Any student who intentionally breaks, destroys, or defaces school property will pay for the repairs, in addition to receiving punitive damages. Littering, writing on walls or furnishings, and destruction or misuse of property are all illegal acts that will be dealt with severely.

#### THEFT

As much as the school tries to prevent it, theft does take place. This is one reason why you should always lock your lockers and never disclose the combination to anyone. **The school cannot assume responsibility for property lost under these circumstances**. Persons who are caught in a theft situation may be placed on suspension and/or detention. During the school year, regardless of the monetary value, a pupil/athlete shall not:

- 1. steal, or have in possession, buy, sell, or give away any stolen items; and/or
- 2. engage in malicious vandalism to deface and destroy properties or possessions with intent to cause harm.

These rules apply to the entire school year and any portion of an activity season that

occurs prior to the start or close of the year.

An individual involved with extra curricular activities, who is found with stolen items from the school during the summer, shall have the penalty assessed during his/her next activity.

#### **WEAPONS**

Students and visitors, including adults, are forbidden to knowingly or voluntarily possess, store, handle, transmit, or use any instrument that is considered a weapon or a "look-alike" weapon in school, on grounds, at sponsored activities, at bus stops, on school buses or vehicles, or upon entering or departing from school premises, property, or events.

**Exceptions:** A person who finds a weapon on the way to school or in a school location, or a pupil who discovers that he/she accidently has a weapon in his/her possession and takes it immediately to the office, shall not be considered to possess a weapon. If it would be impractical or dangerous to take the weapon to the office, an individual shall not be considered to possess a weapon if he/she immediately turns it over to a faculty member or provides information on the weapon's location.

#### **ASSAULT**

Physical assaults and/or threats of bodily harm or death to an individual will result in serious disciplinary consequences. In addition, verbal assaults (oral or written) that are abusive, threatening, profane, or obscene will be treated in the same manner. This includes conduct that degrades people because of their race, religion, ethnic background, physical or cognitive disabilities, and sexual harassment.

#### MOTOR VEHICLES AND PARKING

Driving to school is a privilege. Parking is available to students in designated lots surrounding the building. However, the southwest gym parking lot is available only to persons participating in morning work experience and those who travel to the elementary school to serve as a peer tutor during the day. In order to park in this area, an individual must obtain a pass from the office. The pass is free and is good for one semester or unless a pupil has been removed from either program. A \$5.00 fee will be assessed for passes not returned at the conclusion of both classes.

Cars that are illegally parked or blocking traffic may be towed at the owner's expense. No youth are allowed in the parking lot during the day unless receiving permission from building administration. Unsafe driving practices will be reported to law enforcement and restriction of driving privileges may occur. All vehicles parked on district property are subject to searches based upon suspicion of a violation of school policy. Trailers cannot be parked in the school parking lot. Designated parking is available for snowmobiles with permission.

#### TRESPASSING

During the day, any individual cannot be on school premises without a valid and legitimate reason. It is a misdemeanor for a person to enter or be found within a public school building unless he/she:

- a) is enrolled, a parent and/or guardian of an enrolled individual, or an employee of the school district;
- b) has permission or an invitation from a school official to be in the building;
- c) is attending an event or meeting in which the student, the public, or his/her family is invited; or
- d) has reported his/her presence in the school building in the manner required for visitors to the school.

# HARASSMENT, BULLYING, AND CYBERBULLYING

Eden Valley-Watkins maintains a firm policy prohibiting all acts of harassment and bullying. Minnesota law describes bullying as intimidating, threatening, abusive, or harming behavior that is objectively offensive by a pupil to another. It is conduct that is either repeated in the context of a perceived or actual imbalance of power, or materially or substantially interferes with an individual's education. Harassment and bullying not only includes physical harms or threats of physical harm, but also violations of a "person's reasonable expectation of privacy", defamation, emotional distress, or conduct directed on the basis of certain familial or socioeconomic status, physical appearance, identity and sexual orientation, or academic status.

Cyberbullying is bullying using technology or other electronic communication devices that contains obscene words or images, advocates illegal conduct, or otherwise materially and substantially disrupts a learning environment.

School personnel will respond to all acts of harassment, bullying, intimidation, and other acts of similar disruptive behaviors and will make reasonable efforts to provide immediate intervention. Dave Schneider, secondary principal, is the school's designated official for receiving reports of bullying. Investigations will begin immediately upon receipt of a report. Individuals found to be displaying inappropriate conduct will be afforded due process rights. In addition, communication to the parents of all parties involved will be made, as needed.

#### **HAZING**

Hazing activities, of any type, are prohibited behaviors both on and off school property. Hazing means committing an act against an individual, or coercing a student into committing an act, which creates a substantial risk of harm to a person in order for the pupil to be initiated into or affiliated with an organization or for any other purpose. The term hazing includes, but is not limited to:

- a. any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
- b. any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects youth to an unreasonable risk of harm, or that adversely affects the mental or physical health or safety of the individual.
- c. any activity involving the consumption of any alcohol beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm, or adversely affects the mental or physical health or safety of the person.
- d. any activity that intimidates or threatens youth with ostracism that subjects a pupil to extreme mental stress, embarrassment, shame, or humiliation that adversely affects the mental health or dignity, or discourages the individual from remaining in school.
- e. any activity that causes or requires the student to perform a task that involves violation of state or federal law or of district policies or regulations.

#### CHEMICALS AND DRUGS

Alcohol and other drug use is a significant social problem with potential to adversely affect normal and healthy development of our pupils and compromise the overall effectiveness of the educational and learning process of our school. The district has responsibilities to set a standard of conduct relating to chemical use with clear consequences for violations. This standard of conduct is based on the assertion that the use of alcohol and other illicit drugs by underage people is wrong, harmful, and illegal. The district further recognizes its responsibility to assist persons in getting help for chemical dependency, providing programs and curriculum designed to increase awareness of the dangers of chemical use, and to provide curriculum and programs in preschool to grade 12 on chemical abuse prevention. **To make sure our buildings** 

are safe, administration may request that a canine unit be brought onto school premises to check out any suspected drug-related situations.

Students cannot have drug paraphernalia in possession, nor possess, consume, distribute, or show evidence of having consumed alcoholic beverages or drugs not specifically prescribed for use by their doctor in the building, on school grounds, or at a school sponsored activity.

A pupil violating this rule will be suspended immediately and his/her parents will be required to attend a hearing and pick him/her up. The individual will be suspended from classes for up to ten days and a conference between school administration and parents may occur before he/she is readmitted. At the discretion of the student contact committee, a condition of readmittance will be a chemical abuse pre-assessment interview with the school social worker and/or his/her designated representative. If that pre-assessment indicates problems with dependency, further intervention will be set forth which could include a required evaluation. All relevant Minnesota State High School League rules will be enforced. In addition, all drug and/or alcohol violations will be reported to law enforcement and may also be referred to the student contact committee for further suspension or expulsion by the board of education.

#### **TOBACCO**

It is not permissible to smoke, vape, chew, carry, or distribute tobacco products, tobacco-related devices, imitation tobacco products, or electronic cigarettes in the school, on school grounds, on school property, or at any school sponsored activity at home or away. All relevant MSHSL rules will be enforced. We abide by a smoke-free environment. This policy is all-inclusive and prohibits smoking and/or vaping during school hours, non-school hours, school activities, on weekends, and at the bus stop. All smoking violations will be reported to the police department.

#### INSUBORDINATION

An employee uses this term to describe the willful ignoring by a pupil for a reasonable request. It means disobedience, and it may be cause for a suspension depending on the severity of the incident. You must obey the directions and requests made by your instructors, administration, and other staff members.

#### **SUSPENSION**

Suspension means an action taken by the administration, under rules promulgated by the school board, prohibiting a person from attending school for a period of no more than ten school days. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for it.

Eden Valley-Watkins Secondary School has a policy of in-school suspension for youth who are having problems of a disciplinary nature or for individuals who have skipped school. Only under severe circumstances will out-of-school suspension be used.

In-school suspension attempts to serve the needs of both the pupil and the school within the structure of the regular school day. Its main purposes are to:

1) provide for a specified period of time an alternative education for students who cannot function in the regular classroom; 2) make the penalty of suspension given for a specific offense an effective means of discipline; 3) increase and foster accountability and self-discipline in the person; and 4) allow the individual to keep up on regular studies. Students who are placed on in-school suspension will be given schoolwork to compensate for loss of class time. An individual may lose classroom discipline points whenever he/she is suspended.

# **Rules For In-School Suspension**

- A. You are to remain in the in-school suspension office area or designated location at all times.
- B. At the beginning of the suspension period, you must bring all books, notebooks, and materials that will be needed.
- C. You may not go to your locker while on suspension.
- D. You may not go to the library.
- E. You may use the restrooms in the office area under appropriate circumstances.
- F. Lunch will be brought to you and will be eaten at your desk.
- G. There will be no eating of any food (except lunch) or drinking of beverages.
- H. You may not listen to or use cell phones, radios, I pods, or recorders.
- I. During suspension, you are not to visit with other students.
- J. You may not attend pep fests, lyceums, programs, or class meetings.
- K. Anyone who is suspended will not be permitted to attend any extracurricular or community education events for the duration of the suspension.
- L. If you are absent during the period of suspension, that time must be made up after you return to school.
- M. During the period of suspension, teachers will meet with you and provide assignments. You are expected to complete all work and will be assigned additional work to compensate for loss of class time.

# SEARCH OF LOCKERS, DESKS, PERSONAL POSSESSIONS AND STUDENT'S PERSON

Youth are assigned a locker. No one should change lockers. UNDER NO CIRCUMSTANCES SHOULD YOU TELL ANYONE YOUR LOCKER COMBINATION.

They will not be changed during the year unless unique circumstances exist. The lockers are not very secure, so money and other valuables should not be kept in them. If valuables are brought to school, you may bring them to the office. Students keep their own locks throughout high school; however, lockers will change. Pupils are given a lock the first time at no cost. The cost is \$5.00 for one thereafter. You must use a school issued lock. Those not issued by the school will be removed and/or cut off and destroyed. If a person chooses to color their lock, he/she will be required to purchase a new one.

Lockers are the property of the district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of youth. Inspection of the interior of lockers, desks, personal possessions, and student's person may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. When applicable, a metal detector wand will be employed. The personal possessions of individuals may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a pupil's personal possessions, school authorities must provide notice of the search to youth whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. Administration reserves the right to have random locker checks during the school year.

#### BEHAVIOR AT SCHOOL EVENTS

During school events, all spectators are required to conduct themselves in an appropriate manner. Although it is fine to dress up for occasions, behaviors such as booing, bringing foreign objects and throwing them, artificial noisemakers, profanity, and other rude behavior will not be permitted. All spectators should cheer for our team, not against the other team/individual. Any person behaving in such a crude manner will be asked to leave the event and possible suspension

from the next home contest(s) may occur. In addition, when the concession stand is open, no outside food or drink is allowed.

Spectators are required to stay off the playing area. This is a simple matter for safety and courtesy. Students may move along the edge of the playing court to the exits only during breaks, half time, or between contests. Never place yourself in a position of obstructing the progress of an event. Junior high youth are not allowed on the visitor side of the football field during home games.

During the playing of the national anthem, everyone is recommended to stand quietly at attention. Headwear should be removed. It is appropriate to place the right hand over the heart, stand with arms at the sides, and sing the "Star-Spangled Banner".

Individuals are expected to remain seated during contests and refrain from excessive movement. Running around and blocking doorways are not permitted. Young children are not allowed to attend events without an adult who will be responsible for their constant supervision.

#### **BEHAVIOR ON BUSES**

The same rules of good behavior that apply in school are also in effect on buses. The drivers are the absolute authority regarding discipline on the bus, and students must realize that they have to obey their orders. If a pupil refuses to obey the instructions of the driver, the matter will be reported to school administration and disciplinary action will be taken. This action may include suspension of transportation services for the guilty individual.

#### RIDING TO AND FROM SCHOOL EVENTS

Youth who ride the bus to school events in another city must return home on the bus. Pupils who fail to return home on school transportation will forfeit the privilege of being transported to extra-curricular events. However, students may ride home with a responsible adult by providing written permission from the parent/or guardian to the supervisor of the event. Supervisors have the right to reject this permission form.

#### **SPECTATOR BUS**

Spectator buses may be provided to games when they are available and if there is a sufficient number of participants to make a busload. This decision is to be determined by the administration and the supervisor of transportation. Individuals will be charged for the bus ride plus the amount of the admission ticket for the game or activity.

#### **DETENTION**

Detention is a means of addressing unacceptable behavior. Instructors will issue detention for persons who are misbehaving in class, in hallways, on school grounds, or in the cafeteria.

Detention will be assigned for each episode of skipping or other violation of policy. A unit of detention is defined as the period of time from 6:30-8:00 a.m. or 3:20-5:00 p.m. The detention must be served within one week of the date it was assigned or one day of in-school suspension will result.

You cannot miss detention because of employment, work at home, any appointments or engagements, or because of extra-curricular activities. In other words, there is no excuse for absence from detention. Youth who misbehave in detention will face suspension.

In the event that a student is not behaving appropriately, staff have the authority to require students to stay in their advisor classroom or report to an assigned location during SOAR hour, even if they are passing all of their classes.

Detention is not a voluntary or casual matter. It is an obligation of a student that must be fulfilled for continued enrollment in school.

Detention is an absolute quiet time. There can be no talking or any kind of

communication with others. Persons should bring schoolwork as well as all necessary items to complete that work. You may not use electronic devices during detention. Eating food or drinking any kind of beverage, except during noon detention, will not be permitted. A notice for after-school detention will be sent to your parents explaining the reason that it was given and the time and date when it will occur.

#### PERSONAL APPEARANCE

Students are encouraged to dress appropriately for school activities and in maintaining community standards. This is a joint responsibility of the pupils, parents, and/or guardians.

- A. Appropriate clothing includes, but is not limited to, the following:
  - 1. Clothing appropriate for the weather;
  - 2. Clothing that does not create a health or safety hazard; and
  - 3. Clothing appropriate for the activity (i.e. physical education or the classroom).
- B. Inappropriate clothing includes, but is not limited to, the following:
  - 1. Clothing bearing a message that is lewd, vulgar, or obscene;
  - 2. Apparel promoting products or activities that are illegal for use by minors;
  - 3. Objectionable emblems, badges, symbols, signs, words, objects, or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a minority group, evidences gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals; and
  - 4. Any apparel or footwear that would damage school property;
  - 5. No undergarments, swimwear, or bikinis can be seen or worn during the school day.
  - 6. "Short shorts", tank tops, strapless tops, and tube tops are not allowed. In addition, bare midriff, when excessive, will not be allowed, also.
  - 7. When wearing shorts, skorts, or skirts, a general rule of thumb is for them to reach the middle thigh of the legs.
- C. The intention of the school's policy is not to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, or do not advocate violence or harassment against others.

Prepayment of meals are required. Students may purchase meals when funds have been deposited within their personal accounts. Cash payments are accepted, and persons selecting ala carte options can use either cash or positive lunch account funds at school.

Account balances must be positive and will operate similar to a checking account. When a meal or item is purchased, the amount is deducted from the family lunch account. Families may apply for free/reduced meals at any time during the school year. Applications are provided prior to the school year. In addition, applications are available at the district office and online at the district website: www.evw.k12.mn.us

#### **Account Status Notification**

Family balances are available on the parent portal and may be accessed through the district website. Statements may be requested from the food service director via email or telephone at any time.

The parent and /or guardian will be notified via email when the family account reaches a balance of \$25.00 or less. In addition, pupils will be notified in the lunch line each day when their account is at \$25.00 or less.

Ala Carte items may be purchased cash-in-line for negative account-balances. In order to buy them, individuals must have obtained written permission from their parents. This permission form is included in the "Back to School" information packet which may be uploaded electronically prior to the start of school.

Statements will be mailed at the end of the week to families with a negative balance in their food service account. If a family account drops below \$0.00, food service staff will call the family via the telephone number on file. If contact by phone is unsuccessful, a letter will be mailed to the address on file.

Lunch account privileges within families with negative account balances of \$25.00 or more may, at the discretion of food service leadership and school administration, be deactivated or suspended to prevent further unpaid purchases from occurring. Notification of this action will be sent by letter.

Negative balances of more that \$100 not paid prior to the end of the school year will be turned over to the superintendent or superintendent's designee for collection. Collection options may include, but are not limited to, use of collection agencies, claims in conciliation court, or any other legal method permitted by law.

The electronic pass is issued by an instructor to allow access to the media center during a class or study hall for a specific purpose and time. Youth must go directly to the media center without stopping at other places in the building. Abuse of electronic passes or misbehavior in the media center will result in the revocation of library privileges and possibly all pass opportunities.

- B. Persons must sit in an assigned area.
- C. While someone is speaking or performing in any way, ABSOLUTE QUIET IS REQUIRED.
- D. The success of a performance situation is dependent on the attentiveness and courtesy of the audience. ANY INDIVIDUALS WHO ARE MISBEHAVING DURING THESE EVENTS WILL BE ASKED TO GO TO THE OFFICE AND WILL BE DEALT WITHIN A SEVERE MANNER.

#### **PUBLICATIONS**

An individual may not produce and/or distribute petitions, or other printed documents of any kind, that are disruptive to the school. A pupil shall not produce and/or distribute any petitions, documents, or posters/advertisements of any kind on school premises during the school day without the specific approval of administration.

A publications committee consisting of the Eagles Cry advisor, counselor, and principal will review and make recommendations for modification of any literary piece which may be disruptive to the school's learning environment.

#### LEADERSHIP RULES

Students will be eligible for positions of school leadership (i.e. Homecoming Candidates, Snow Daze Royalty and Attendants, Student Council, Class Officers, Honor Society, etc.) if they have been in good standing at least one year prior to their appointment and are full time at EV-W. Good standing means not having had any school suspensions or violations of any building, legal, or Minnesota State High School League rules.

For a pupil to be nominated as a Homecoming or Snow Daze Candidate and/or Attendant, he/she must meet these requirements.

\*The person cannot have any attendance or behavior issues from the beginning of the school year up until the event.

- \*The individual must be academically eligible according to MSHSL requirements from the start of the school year.
- \*He/she cannot have had any MSHSL violations one year prior to Homecoming and Snow Daze.

# HOMECOMING AND SNO DAZE

A variety of school activities and events will be planned during Homecoming and Sno Daze weeks for enjoyment. Youth are encouraged to participate in all activities. The student body will select royalty for each week. Students who decline to be candidates when chosen will not receive candidacy consideration in the future unless special circumstances exist at the discretion of the principal.

#### **DANCES**

All school dances, with the exception of prom, the winter ball, and the DECA ball, are only for persons who are members of the building. Allowances may be made for particular circumstances with administrative approval.

#### **PROM**

Prom will occur on April 11th, 2026. The junior class, under the direction of their class advisors, are responsible for planning it. Pupils in grades ten through twelve in good standing may only attend this event. Individuals or graduates from other schools may attend if a district student asks them; however, they must not be over the age of 20 and obtain prior approval from school administration.

#### ATTENDANCE

To earn credit in a semester course, an individual must satisfactorily complete all course work and tests assigned and not be absent from class more than ten times in a semester. School-sponsored activities will not count as part of the ten, as well as, funerals, weddings, or emergencies out of the person's control. Long-term illnesses are also exempt, and, with a doctor's note, will not count as days. Parents and/or guardians are asked to call the school office (453-2900 ext 1100) on the day their child is absent indicating the reason for the absence. The only one that is not predictable in advance is that of illness or sudden death in the family.

If a pupil is absent from a class more than ten times in a semester, credit for that class may be denied. Upon the eleventh absence, the student may appear before an appeals committee consisting of the licensed counselor, a department representative, and administration. Upon meeting with him/her, the committee will determine if the individual will lose credit for that class or will have to complete additional course requirements in order to obtain credit.

During the appeals process and until a decision is made, the person shall be able to attend the class as an audit unless he/she interferes with the educational process, in which case, the pupil will be placed within in-school suspension. Parents and/or guardians will be notified after three, seven, and ten absences with a letter. Furthermore, appropriate referrals will be made to Meeker and/or Stearns County, as necessary, for securing assistance in helping youth attend school.

Any student who is absent from school for more than ½ of the school day without prior notice or a valid, pre-approved reason will not be permitted to participate in or attend any school-sponsored extracurricular events, including but not limited to athletic games, performances, dances, ski club and club activities, on the same day of the absence.

This attendance policy aims to balance empathy with responsibility. We want students to know that they are supported, while also encouraging proactive communication with the school to maintain academic continuity and community accountability.

#### **TYPES OF ABSENCES**

- 1. Excused Absences
  - a. The following reasons shall be sufficient to constitute excused absences:
    - (1) illness;
    - (2) serious illness in the individual's immediate family;
    - a death in the person's immediate family, or of a close friend or relative;
    - (4) medical or dental treatment with prior approval from school;
    - (5) court appearances by family or personal action;
    - (6) religious instruction not to exceed on average three hours per week;
    - (7) physical emergency conditions such as fire, flood, and storm;
    - (8) official school field trips or other school-sponsored outings.

      The following may be excused with prior approval from school including:
      - a. family work, including babysitting;
      - b. family outings and/or trips; and/or
      - c. visitations/tests at vocational schools or college.
  - b. Procedures and Consequences Regarding Excused Absences
    - (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom instructor.
    - (2) Excused absences which require prior approval from school include:
      - a. family work;
      - b. religious observances;
      - c. visitation to vocational schools or colleges, military; and/or
      - d. family outings or trips.

#### 2. Unapproved Absences

- a. An unapproved absence is defined as an absence that:
- (1) Was not communicated to the school **before** the day of the absence. These would typically be excused absences with appropriate communication (ex. family trips, attending state tournaments as a spectator, college visits).
- (2) Other absences that put students in difficult situations (ex. family responsibilities, habitual personal emergencies, etc.)
- b. Procedures and Consequences Regarding Unapproved Absences:
  - (1) Students will not receive disciplinary consequences.
  - (2) Students are required to make up all assignments missed.

#### 3. Unexcused Absences

- a. The following are examples of absences which will not be excused.
  - (1) Any absence by an individual that was not approved by the school district.
  - (2) Any absence which is not state approved as an excused absence.
  - (3) Any absence in which youth worked at a business except under a school-sponsored work release program.
  - (4) Excessive accumulated unexcused tardiness will be treated as

- unexcused absences. Four unexcused tardies will equal one unexcused day
- (5) Any other absence not included under the attendance procedures set out in this policy.
- (6) Suspensions are to be handled as unexcused absences, and an individual will be permitted to complete make-up work for at least partial credit.
- b. Procedures and Consequences Regarding Unexcused Absences

For an unexcused absence, class work must be made up in the time stipulated on the make-up slip, and instructors have the discretion of adjusting the grade for this work because of the nature of the absence. A truancy petition referral will be made following county guidelines. In addition, students may be required to provide a doctor's note to excuse them from any future absences.

Any unexcused absences may be dealt with in the following manner by using one or more of the following options.

- 1. The person will be located in an in-school suspension area for a period of time.
- 2. The pupil will be expected to complete regular class assignments and any supplementary material as assigned by classroom teachers. Individuals will be permitted to complete make-up work for at least partial credit.
- 3. Youth may be withdrawn from class for a period of time that may include the remainder of the quarter. (Individuals may reapply to be readmitted to class after a period of time has elapsed, and a requirement of work has been completed.)
- 4. Persons will be given after school detention, Saturday school, or adjusted schedules to make up for truant behavior.
- 5. A pupil may appeal to the board of education for readmission to class at the end of the quarter.

Absences are recorded on the basis of either half or full day according to the following formula. If you miss one hour or more, regardless of when they occur, you have missed a day of school.

Youth cannot miss a class for a meeting or other function during the day without first receiving permission from the instructor. If it is not okay with the instructor, you must remain in class.

Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 127.26-127.39.

If the result of a grade reduction or loss of credit was the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minn. Stat. §§ 127.26-127.39.

#### MAKE UP SLIPS

A student must present a parent's written excuse to the office that states the reason for his/her absence immediately upon returning. Whenever an individual has knowledge of being absent in advance, he/she must bring a written request from the parent and/or guardian. The student may request a make up slip from the office to show his or her teachers.

The pupil is to secure his/her assignments from each teacher and make this work up promptly. To receive full credit, it must be satisfactorily completed on time.

#### MAKE UP WORK

A reasonable amount of time is provided to complete work that has been missed. A **PERIOD OF TWO DAYS FOR EACH DAY MISSED WILL GENERALLY BE THE RULE**, unless mutual agreement is made between the person and instructors. It is the student's responsibility to see that this work is made up.

#### EIGHTEEN YEAR OLD STUDENTS

When a person turns 18, he/she must bring a <u>parent written</u> statement that gives the student permission to write his/her notes. Youth must make verification of all appointments, and the principal and/or dean of students must approve all absences. This privilege will be revoked back to the parent and/or guardian if the individual abuses it.

#### FIELD TRIPS

Field trips for students are planned for educational purposes to meet classroom objectives. These might include specific curricular activities and/or celebrations of accomplishments.

Field trips are a privilege and may be denied based on attendance, behavior, homework completion, grades, or any other reason deemed appropriate by administration. Individuals who are denied field trip privileges or choose not to attend are expected to attend school on the day of the trip.

In order for persons to attend a field trip, they must agree to be held to high standards of conduct, follow school rules, and accept full responsibility for their actions. Pupils participating in field trips will be held to the same rules/consequences followed while on school property.

## SCHOOL VISITS (COLLEGE AND VOCATIONAL SCHOOLS)

Juniors and seniors will be permitted to visit a school that they are considering to attend after graduation. Youth must obtain a form from the counseling office and have their teachers, the parent and/or guardian and the office sign off at least two days before going on a visit. The form to be used for this purpose is located in *Appendix F*. We encourage parents and/or guardians to accompany pupils on these visits.

Students who do not follow these procedures will be unexcused. Any exceptions to the above guidelines will be handled on an individual basis depending upon the person's goals, plans, and situations.

#### MEDICATION ADMINISTRATION AT SCHOOL

Only a school nurse, secretary, teacher, principal, or health aide may administer medications in the school setting (except when criteria for self administration of medication is met.) All individuals giving medication are trained in its administration.

Over-the-counter medications will be given with the same restrictions and requirements as prescription medications as stated above in #1. (Examples: Tylenol, Ibuprofen, cough drops, throat lozenges, etc.)

Persons on a self-management of medication program must register with the licensed school nurse. She will review with the student the rationale for the medication, its use and side effects, and monitor the effectiveness of the medication. A parent's and/or guardian's permission is required for self-management.

High school youth may possess and use nonprescription pain relief medication as directed on a label once the school has received a written authorization from that individual's parent and/or guardian permitting the student to self-administer the medication.

The district may revoke the privilege to possess and use nonprescription pain relievers if it determines that the individual is abusing the privilege.

In the fall towards the end of first quarter, the names of eleventh and twelfth grade individuals that qualify with a minimum 3.5 grade point average and EVW Honors Diploma requirements will be given to staff who can nominate them for NHS and provide feedback.

Once persons have been nominated and meet all requirements, they will be asked to apply with traditional NHS selection done by committee.

#### **TECHNOLOGY USE POLICY**

#### I. PURPOSE

Eden Valley-Watkins Schools believes that 21st Century instruction is necessary for 21st Century learning. Providing students with an environment that fosters and encourages this belief is part of our core values. All members of our learning community hold the responsibility to value technology and achieve technological proficiency to prepare individuals for the work place and future jobs which currently may not exist. Schools must challenge students with rigorous, personalized academic experiences, foster innovation and creativity, and embrace emerging technologies. In a 21st Century learning environment, persons actively engage in a cohesively integrated curriculum, access information, and apply it in solving authentic problems. Our pupils are living in a world where they have immediate access to information anytime and anywhere. Many youth have personally owned devices in their pockets that can be used to allow them to learn in their own style and at their own pace. With digital learning, everyone can access high quality and rigorous instruction in every subject, thereby, maximizing their opportunity for success in school and beyond. A decade ago this was just a dream. Today, it can be a reality.

#### II. SCOPE

This policy shall apply to all users of the school district's internet access, computers, and equipment, including but not limited to students, faculty, administrators, support staff, agents, and board members. This policy shall apply to the use of the school district's internet access provided by any means.

#### III. SYSTEM/PROPERTY RIGHTS

The information, communication, processing, and storage resources provided by the school district are the sole property of the district. Files, data, and other communication created, originating from, or stored on the district's hardware, software, computer disks, or other electronic systems are also the property of the school district. Equipment and software leased from others by the school district are considered the district's property for the purposes of this policy. The district's ownership and control over its systems shall apply regardless of how and where a user accesses the district's systems.

#### IV. PRIVACY

The school district can and will inspect information and files stored, processed, or communicated by or through its information systems without further notice to users. Users of the computers, equipment, and internet access through the district shall have no expectation of privacy related to such use.

#### V. ACCESS RULES/SECURITY

Users shall not use any internet access or service provider other than the access or service provider that is supplied and made available to the user by the school district. Users shall only use software, including but not limited to, e-mail applications and web browsers that are supplied by the school district. Employee users shall not install hardware or software on the school district's systems without the express prior permission of the district's technology coordinator. Students may not install hardware or software.

Every user must maintain the security of the school district information systems. Users shall not divulge passwords or security protocols to anyone outside the school district. Users shall not permit nonemployees/unauthorized users to use their passwords or the school district's internet access. E-mail communications are

vulnerable to interception. Confidential information shall not be transmitted via e-mail.

#### VI. DEVICE USE REQUIREMENTS

Individuals in grades 7-12 are required to to use a school issued device to assist them with their studies. Usage guidelines are as follows:

- Students will be assigned a district Chromebook and charger. They will be allowed to not only use the device at school, but at home as well.
- 2 Students are not allowed to use a personal device at school during classroom instruction.
- A fee of \$20.00 for students in grades 7-12 (per year) is required for use of each school-owned device. These funds will provide an insurance policy for any accidental damage that may occur to the Chromebook.

#### VII. STUDENT AGREEMENT

The use of personal technology to provide educational material is not a necessity but a privilege. A person does not have the right to use his or her laptop, cell phone, or other electronic devices while at school without express permission from the teacher. When abused, privileges will be taken away. When respected, privileges will benefit the learning environment.

It is our intention that youth and instructors will collaborate in rich, engaging learning experiences using technology. In order to be a responsible electronic citizen at EV-W, persons are expected to follow these guidelines:

- A. Students may use these devices in the classroom when the teacher determines it is appropriate for educational purposes. Individuals must learn when to use and not to use technology including headphones. If they are not sure, pupils must ask for clarification.
- B. All devices must remain silent or be put away unless they are being used within a lesson during class time. Personal technology cannot be used during campus, district or state testing, student performances, lyceums, etc.
- C. Devices must have the ability to enhance the educational process and must be able to access the internet.
- D. Youth are responsible for making sure devices are fully charged prior to use in class.
- E. Technical support for personal devices will not be provided by EV-W staff.
- F. Persons will connect to the Eden Valley-Watkins Student Wireless Network.
- G. Students must comply with acceptable use terms for accessing the internet while on campus.
- H. The device may not be used to cheat on assignments, tests, or for non-instructional purposes during instructional time.
- I. Personal technology with photographic or video capabilities may only be used with explicit permission from the classroom instructor or principal.
- J. The device may not be used to record, transmit, or post photographic images or video of a person or persons on campus, during school activities and/or hours, unless assigned by the instructor as allowed by this policy.
- K. The device may only be used to access files or internet sites which are relevant to the classroom curriculum. Non-instructional games are not permitted.
- L. Individuals must comply with teachers' requests to turn off the device.
- M. Pupils are responsible for ensuring that any computers or computing devices, CDs, memory sticks, USB flash drives, or other forms of storage media brought from outside the school are virus free and do not contain any unauthorized or inappropriate files.
- N. All devices should be clearly labeled with the person's full name. Password protection is recommended. Parents and/or guardians should discuss insurance, data plans, and fees as they are not the responsibility of EV-W faculty.
- O. Youth are responsible for the security of their personal property brought to school and should keep personal items with themselves or in a locked space. Lost and found devices must be immediately reported and/or turned over to an instructor or administrator.
- P. Students take full responsibility for personal digital devices at all times. The school is not responsible for the security of the device.

#### VIII. INAPPROPRIATE TECHNOLOGY USE

Inappropriate use will generally fall into two categories: procedural and malicious. Procedural issues will be routinely handled within the classroom and common areas of the school without formal intervention. Examples of procedural issues would include having a device out at the wrong time.

More serious and malicious use will be reported to the office. Examples of these types of issues would include:

- using the personal technology for illegal purposes, including but not limited to cyberbullying, gambling, pornography, and computer hacking;
- using photographic or video features in any restroom or locker room;
- purposefully opening, viewing, and using or deleting files on another individual's personal technology without permission;
- electronically posting personal information about one's self or others (i.e., addresses, phone numbers, and pictures);
- downloading or plagiarizing copyrighted information without permission from the copyright holder;
- intentionally introducing a virus or other malicious programs onto another individual's personal technology device; and

- causing any personal or property damage resulting from intentional misuse of electronic devices (ex. inserting metal, graphite and other objects into Chromebooks in an attempt to cause sparks or smoke)

#### IX. CONSEQUENCES FOR INAPPROPRIATE USE

In the event that technology is used inappropriately, normal disciplinary consequences may occur. As described above, procedural and malicious situations will be handled differently. For those more serious situations, the following may occur:

- suspension of privilege to access the network on campus;
- appropriate disciplinary or legal action in accordance with the discipline policy and applicable laws including monetary damages; or
- possible criminal action.

#### X. DISCLAIMER/USER LIABILITY

- 1. While the school district has adopted and shall enforce the policy to the greatest extent possible, it does not have the resources or technical capability to ensure complete compliance by its users who shall be responsible for following the terms of this policy.

## **Statewide Assessments:**

## Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

#### **Assessments Connect to Standards**

Statewide assessments are based on the Minnesota Academic Standards or the WIDA English Language Development Standards. These standards define the knowledge and skills students should be learning in K–12 districts and charter schools. Minnesota prioritizes high-quality education and statewide assessments give educators and leaders an opportunity to evaluate student and school success.

#### Minnesota Comprehensive Assessments (MCA)

MCA and the alternate assessments (Minnesota Test of Academic Skills (MTAS)/Alternate MCA) are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

WIDA ACCESS and WIDA Alternate ACCESS for English Learners
The WIDA ACCESS and WIDA Alternate ACCESS are the annual
assessments for English learners that provide information about
their progress in learning academic English, based on the WIDA
English Language Development Standards.

## **Statewide Assessments Help Families and Students**

Participating in statewide assessments gives families a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results for:

- Postsecondary Enrollment Options (PSEO) in grade 10.
- Course placement at a Minnesota State college or university. If students receive a college-ready score, they may
  not need to take a remedial, noncredit course for that subject.

English learners who take the WIDA ACCESS or WIDA Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

## **Taking Statewide Assessments Helps Your Student's School**

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions on how to use money and resources to support all students.

## **Student Participation in Statewide Assessments**

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form on the following page. Contact your student's school to learn more about locally required assessments.

Updated March 2025

## **Consequences of Not Participating in Statewide Assessments**

- The student will not receive an individual score. For WIDA ACCESS and WIDA Alternate ACCESS, the student will not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not
  participate, school and district accountability results are impacted. This may affect
  the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any additional consequences for not participating.

(education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

#### **Additional Information**

- On average, students spend less than 1% of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the October 1 each school year. Refer to your district or charter school's website for more information on assessments.

- 3. As with all youth, exchange students are subject to district-wide and school standards of behavior and discipline.
- 4. Exchange students must be aware that participating in interscholastic athletic teams means they must comply with district and state athletic eligibility regulations and that many teams require try outs.
- 5. Enrollment eligibility will be for one year only.
