

A community group is working to raise seed money for the project and will be having a mega fundraising event on August 13. EVW is one of few schools in the state that doesn't have its own football field. Organizers stress they are looking at an all-encompassing sports complex which would be located on land the school district owns near the elementary. In addition to a sports field, a multi-purpose track for community education, physical education, events like Relay for Life, walking and exercising, and an outdoor classroom space are among the ideas under consideration.

How can you help? One way is for you or your company to sign up as a sponsor (see form below) or you can make a donation for the silent and live auctions. Do you have a vacation home you're willing to donate for a weekend or week's stay? How about tickets to the Minnesota Twins, Vikings, Wild or Timberwolves?

Other ideas include:

- Brewery or Winery Tour for 4-8 people
- Car Detailing
- Concert Tickets
- Fishing Trip
- Catered BBQ

Please spread the word. Let's make this happen.
